

Students create a video explaining their research proposal for a scientific endeavor to address a world issue. Students may work on their proposal individually or in teams of up to 4 people. Their submission should include the video, which is a maximum of 5 minutes, a short paragraph description and a transcript. Their video will be graded using the following rubric.

Research Title:	
Names: _____ _____	
Summary: _____ _____ _____	
<b>Research</b>	
<b>BACKGROUND</b> Is the background information thorough and informative?	<b>/10</b>
<b>THESIS</b> Is the thesis clear? Does it address the prompt? Does it solve a problem?	<b>/10</b>
<b>RESEARCH + DOCUMENTATION</b> Is the research well executed? Is the research well documented/proposed? Could it be replicated?	<b>/10</b>
<b>ANALYSIS + CONCLUSION</b> Are the results analyzed? Are the potential errors in the research identified?	<b>/10</b>
<b>CITATION</b> Does the video give credit to outside sources correctly including images? Are the sources credible?	<b>/10</b>
<b>ENGAGEMENT</b> Is the presentation compelling?	<b>/10</b>
<b>PROFESSIONAL</b> Is the video well edited? Is everyone audible with no complications?	<b>/5</b>
<b>Judge</b>	
Judge Notes: _____ _____ _____ _____	<b>/10</b>
<b>TOTAL SCORE:</b>	<b>/75</b>
